

Louisiana Agriculture & Forestry Today

Sign-up underway for catfish feed loss program

Agriculture and Forestry Commissioner Bob Odom recently announced that Louisiana catfish producers who suffered catfish feed loss due to any declared federal disasters can sign up for a newly announced catfish feed block grant program.

Losses must have occurred between January 2, 2005, and February 27, 2007.

A training session to learn how to apply for the aid will be held in December. For more information on the training session, contact LDAF.

Eligible losses include physical

loss of feed that was damaged or destroyed, increased feed costs and costs associated to lost feeding days.

Odom said producers who previously applied and received aid for catfish feed loss caused by hurricanes Katrina and Rita are eligible to apply for this new program.

"Catfish producers can apply for aid if their losses were caused by the 2005 hurricanes, the 2005 or 2006 drought or any other federally declared local and regional disasters during the time frame," Odom said. "Louisiana's share dollars will be determined by USDA's Farm

Service Agency after all applications are filed."

Odom stressed catfish farmers who did not apply for aid because they were not adversely affected by the hurricanes to re-evaluate their positions.

"Some Louisiana producers may have been forced to buy feed at significantly higher costs because of the droughts in the Midwest," Odom said. "This program can help them recoup some of those higher costs."

All necessary information to apply for the program, including an

application form and IRS W-9 form, are available on the LDAF Web site, Odom added.

All applications must be submitted to LDAF by December 21, 2007, with a completed, signed and dated IRS W-9 form.

Eligible producers may receive up to \$80,000 for their losses.

Anyone needing assistance or having questions regarding the assistance program should contact Roy Johnson at 225-922-1280. To download the application form and IRS W-9 form, visit www.ldaf.state.la.us.

Bob Odom,
Commissioner

CATTLE

No grade sires listed in the interest of better livestock. All dairy cattle 20 mos. of age, beef cattle 24 mos. of age, or pasturant or post pasturant animals of any age offered for sale, except for immediate slaughter, must have valid 30-day negative brucellosis test certificate. Contact La. Dept. of Agriculture and Forestry, P.O. Box 1951, Baton Rouge, La. 70821-1951.

REMINDER: Have all of your heifer calves between four and 12 months of age vaccinated against brucellosis. For information contact your local veterinarian, LDAF animal health personnel, your parish Cattlemen's Association or parish Farm Bureau.
